

ONLY MOSES GAVE YOU MORE DIRECTION.

WHEN IT COMES
TO COMPUTERS
MANY OF US NEED
DIRECTION.

That's why HiSoft has developed programs which are easily utilized in both the business and home. HiSoft has its own ten. They're not commandments but they are programs you can build your business around. HiSoft's new software packages are specifically designed for Hitachi micro computers. Business systems range from \$3,000 to \$7500 Home/hobbyist range from \$1,500 to \$4,200. These prices include software.
